## "FATHER AND SON" PROGRAM AND BANQUET.

The churches of Paris are uniting in the Father and Son program and will put on a banquet at the Y. M. C. A. on Thursday evening, March 11. The purpose of the program is to develop a closer relationship between fathers and sons and to lead both into a closer relationship with the church.

The general committee having the program in charge is composed of the following: H. A. Power, Chairman; Rev. C. H. Greer, M. Peale Collier, Rev. T. S. Smylie, John Woodford, E. T. Burris, Harry Baldwin, J. T. Tucker, J. W. Payne. Rev. Smylie is chairman of the Program Committee, and Mr. Harry Baldwin of the Banquet Committee. All fathers with a teen age boy and any one who will "adopt" a teen age boy for the occasion are eligible to buy banquet tickets. More than 200 attended the "Father and Son Banquet" two years ago, and even a larger crowd is expected this year. Tickets may be secured at the Y. M. C. A. building.

## Y. M. C. A. ISSUES NEW APPLICATION BLANKS.

The Y. M. C. membership committee has issued a new application blank for membership in the organization. It provides for putting into operation the new membership basis recently adopted by the Board of Directors.

One who signs up, declaring himself in accord with the purposes of the organization and agreeing to assist in the work, may become a member. Members then may make such voluntary gifts toward the support of the work, and may purchase at a definitely advertised price such privileges as they desire, such as room, meals, gymnasium, bath, etc. The plan is new but seems well adapted to the needs of the Bourbon County Association.

The Secretaries are engaged now in signing up those who use the privileges at the building in Paris. At a later date the membership committee is planning to put on a big membership drive with one thousand as the goal.

## 1,800 DOGS LICENSED.

According to figures given out by County Clerk Pearce Paton over 1,800 dog licenses have been issued to owners of canines in Bourbon county. The law has been generally complied with in this county.

To-night at 8:15 o'clock, at the auditorium of the Paris High School one of the most noted musical organizations in the county, the Bohemian Kryl Orchestra, under the personal direction of the great leader himself, will appear in a concert program of unusual musical excellence.

The concert is to be given for the benefit of the Paris High School, for the purpose of adding to the fund being raised for the purpose of purchasing two Victrolas and 250 selected records for the school. This should insure a large attendance to-night when Kryl raises his baton on the opening number of the program.

This orchestra has become a noted feature in the Redpath Lyceum Course all over the country.

The admission has been placed at the small price of fifty cents for the privilege to listening to a musical program that will delight and please the most critical in matters musical.

## MARCH COURT DAY.

Next Monday, March 1, will be County Court Day. It is also "moving day" for tenants and for property-owners who have disposed of their homes and farms to new owners, making it a checkerboard game for all concerned. It is expected that a large crowd will be in the city, as the tobacco market and stock sales have a good prospect of bringing them in.

THE NEWS asks that subscribers who will move from one rural route to another, or to other counties will kindly acquaint us at once with their new address. In order that we may keep our mailing list straightened out. This is a very important matter, both to THE NEWS and to the postoffice and the carriers. Please attend to this and save us the trouble of having to remind you several times, or having the postoffice officials remind us of it by returning papers to us.

## SENATE KILLS THE ANTI-BETTING BILL.

The Senate killed the anti-parimutuel betting bill Wednesday morning by a vote of 21 to 14, after a heated debate. The Committee on Agriculture and State Fair, before which a hearing on the bill was conducted Tuesday night, reported the bill favorably by a vote of 4 to 3. The vote of Senator Watts, who was counted as unfavorable to the bill up to Tuesday night, gave those favorable to it a committee majority of one. The bill was killed on a motion to substitute the minority report, which was adopted. The only Senator from a Bluegrass district, putting himself on record as opposed to parimutuels was Senator Hon. of Winchester.

The concert is to be given for the benefit of the Paris High School,

for the purpose of adding to the fund being raised for the purpose of purchasing two Victrolas and 250 selected records for the school. This should insure a large attendance to-night when Kryl raises his baton on the opening number of the program.

ATTENTION, TOBACCO GROWERS!

POTASH is the thing that tobacco needs for rapid growth and quality. Our stocks of SWIFT'S BLOOD AND BONE FERTILIZER have just arrived. This contains FIVE PER CENT POTASH, which is two to four per cent MORE than has been manufactured since before the war.

Take a bag or two out to your plant beds now, and let us book your order for what you require for your patch before it is all gone!

Republican mass conventions will be held in the 120 counties in Kentucky, except the county of Jefferson, tomorrow, Saturday, February 28, when delegates will be elected to attend the State Convention in Louisville, Wednesday, March 3, and also to attend the several district conventions to be held in the eleven districts, not including the Fifth

District, Tuesday, March 2.

Coming of the State convention to Louisville will bring to the city approximately 3,000 delegates, alternates and visitors from all over the State. The convention will be called to order at 2 o'clock in the afternoon of Wednesday, March 3, by Ed. T. Franks, Owensboro, Chairman of the State Central Committee. Alvis S. Bennett, Secretary of the committee, will read the call for the convention, after which the convention will organize by electing a temporary chairman and temporary secretary.

A meeting of delegates from the eleven districts will be held prior to the opening of the convention, when names of persons will be selected to serve as members of the committee on resolutions, committee on credentials, rules and order of business, and committee on permanent organization.

The chairman will name the four committees, and there will be speeches by some of the leaders, after which the convention will adjourn to give the committees time to prepare their report. The reports will be ready for the night session, the Committee on Credentials reporting first, and the others, with the Resolutions Committee, making its report last.

**AN INVESTMENT PAYS INTEREST OF 100 PER CENT**

Man Claims Relief Gained Through Trutona Treatment

Worth \$100

OWENSBORO, KY., February 26.—"I only spent \$1 for my first bottle of Trutona, but I wouldn't take \$100 for the relief that gave me." This is the statement of Mr. W. H. Hornbaker, 58 years old, of 1120 Brinkenridge street. Mr. Hornbaker is assistant yard foreman in the Murphy Chair Co., and during his 30 years' residence in this city has become very well known.

"A catarrhal affection of the head and bronchial tubes caused me much trouble," he said. "I was bothered with constipation and my kidneys were out of order. My bowels did not act for two or three days at a time. I was constantly annoyed with the dripping of mucus from my mouth. Often I became choked up and would cough until I vomited."

"Well sir, Trutona has certainly improved my catarrhal condition. The mucus has become loosened and I can spit it out without suffering the terrible coughing spells. My kidneys are in better shape, too. Why, I can walk all the way home without my back hurting me. There are 200 men in our factory and I am daily recommending Trutona to some of them who need relief."

Trutona is now being introduced and explained in Paris at Varden & Son's Drug Store. (adv)

## Buy Genuine Oliver Plow Parts

The Oliver Chilled Plow Works will under no condition be responsible for the work of a plow equipped with imitation shares.

This refers to plow points, mouldboards, landsides, standards, and other parts that go to make up an Oliver plow made by the Oliver Chilled Plow Works, South Bend, Indiana.

There is a vast difference between the genuine and imitation parts. We cite plow points as one example.

The reason why the Oliver Chilled Plow Works do not polish their plow points like a mirror is because the point does not need polishing. The rough surface is the hardest part of the point, making it wear longer than it would if this were polished away.

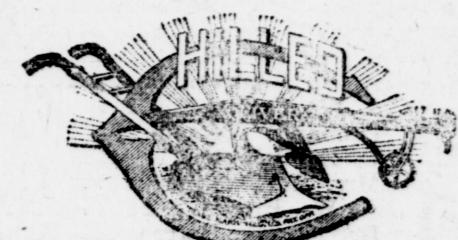

Olivers spend their money to make the points do the business and not for appearances.

Bear in mind that you are getting better wear and more service for your money in genuine Oliver points.

Genuine Oliver repair parts fit better, wear longer, make the plow run easier and do a better job of plowing.

## SHERIFFS MAY BE JAILERS

Thos. Taul, Jailer of Bourbon county and treasurer of the Kentucky Jailers' Association, says there is no hope of legislation for the relief of prisoner-poor county jailers, "starving under the fee system." Mr. Taul predicts the turning over of prisoners and prisons to the county Sheriffs as a possible solution of the prisoner housing problem.

**Ford**  
THE UNIVERSAL CAR

The Ford car can well be called the "people's car," because there are more than 3,000,000 of them in daily operation. That is about four to one of the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. Let us have your order for one now to avoid delay in delivery.

## THE HOSPITAL CAMPAIGN

"Satisfactory progress being made," continues the encouraging report from the campaign managers and solicitors of the Massie Memorial Hospital fund, for which the sum of \$20,000 is being sought. **MICE DESTROY CIGARETTES**

When James E. Craven went to a shelf to get a package of cigarettes for a customer yesterday afternoon, he found that mice had paid the place a visit. The rodents had destroyed the contents of the box, about six hundred cigarettes, valued at about \$7.50. The mingled mass of tobacco and ground boxes resembled a pot pourri of some kind.

The flu has assumed an epidemic form in Mason county, where seventy-five new cases were reported, twenty-five from Maysville. At Ashland, schools, theatres, pool rooms, churches, and all places of amusement and public or private gatherings have been closed by the Board of Health. **"IS YOUR NAME WRITTEN THERE?"**

It doesn't cost anything to "post" and "resolute," but it does take the cash to run the Massie Memorial Hospital. If some of the loudest protesters against the Sunday movies will kick in a little cash toward the Hospital fund, and use some of the energy devoted to a movement that has never even been seriously considered by the proprietors of the local movie houses, they may be of some benefit to a good and worthy cause.

Who will be the first to demonstrate that they are really sincere in their effort to do good and help in the uplift of Paris? Is it the "mighty dollar they love, or is it the camouflage religion? Is your name on the list of contributors?

## END OF EIGHT YEARS MISERY

Used Lydia E. Pinkham's  
Vegetable Compound  
and Recovered.

Newark, N. J.—"The doctor said I had an organic trouble and treated me for several weeks. At times I could not walk at all and I suffered with my back and limbs so I often had to stay in bed. I suffered off and on for eight years. Finally I heard that Lydia E. Pinkham's Vegetable Compound was a good medicine and tried it with splendid effect. I can now do my housework and my washing. I have recommended your Vegetable Compound and your Blood Medicine and three of my friends are taking them to advantage. You can use my name for a testimonial."

Mrs. THeresa COVENTRY, 75 Burnett St., Newark, N. J.

### BOURBON FARMING CONDITIONS

Farmers are busy making arrangements for opening of spring work on the farms. The open weather following several intensely cold days has given the tillers of the soil renewed hope, and as a consequence plows and tractors have been started turning up the sod. Preparations are also being made for burning tobacco beds. Rye and grass are looking well. The light snows have been beneficial in protecting the wheat crop. Tobacco crops are being rapidly moved into the warehouses, and the farmers are awaiting the advent of spring.

### RASCALS

Biliousness, Headache, Colds, Constipation, driven out with "Cascares"

Why take nasty cathartics, sickening salts, or stomach-turning oils to drive these rascals out? Let gentle harmless Cascares remove the liver and bowel poison which is keeping your head dizzy, tongue coated, your skin sallow, your breath offensive, and your stomach sour. Get a box of Cascares at the drug store and rid your liver, stomach, and bowels of the excess bile, poisons, and waste which are keeping you miserable. Cascares never gripe, never sicken, never inconvenience. They cost so little and work while you sleep. (adv)

Ungallant Oldtimers.

An old papyrus text, recently unearthed in Egypt, shows a strong bias against women. After citing a long series of unfortunate happenings in history, it bluntly charges all of them directly to the conduct and influence of woman. Then it goes on to say that if she have wealth for her ally in wickedness, the evil is double. The last line of the fragment is not entirely legible, but appears to be of the same general tenor.

Peculiar African Reptile.

The gaboon viper ranges over the whole of tropical Africa. The body is exceedingly thick, stouttailed with a huge, spade-shaped head. Instead of progressing in ordinary fashion, this reptile throws forward lateral loops of the body and moves along in an oblique direction to that in which the head is pointing. A captive specimen displayed the trait of striking backwards.

### COLLECTOR HAMILTON SENDS LETTER OF THANKS

THE NEWS is in receipt of the following letter from Collector Elwood Hamilton, of Louisville, regarding the laxity of many taxpayers in making out and sending in their income tax returns. Collector Hamilton sounds a warning to the delinquents, in the following words: Editor BOURBON NEWS, Paris, Ky.

"At the close of business February 19, 1920, there had been approximately 5,000 income tax returns of all classes filed in this office.

"Based on the number of returns filed last year, there should be 60,000 returns filed in this office before March 15, 1920. Blanks have been in the hands of taxpayers for sometime.

"It is obvious because of the small number being filed that many are delaying until the last minute, or will fail to file at all their returns. If the taxpayers wait until March 15th, or about that time to file their returns, it will be impossible for the Collector's force to accommodate them.

"The penalties for failure to file returns are severe, and it is unpleasant for the Internal Revenue Department to be called upon to assert penalties against persons for failure to comply with the law.

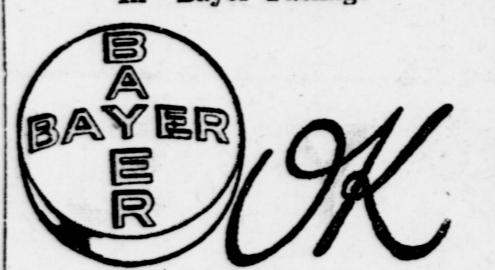

"Permit me at this time to thank you on behalf of the Government for the splendid service you have already rendered in making people familiar with their duties under the provisions of the Income Tax Law.

"The Income Tax Law effects thousands of citizens in this State—it is of vital concern to all of them, and the only way we can reach them is through the public press.

"Cordially and sincerely,  
ELWOOD HAMILTON, Collector."

RESTRICTION OF EXPENSES OF  
DEPARTMENT SUGGESTED

The report of State Inspector and Examiner Henry E. James on the affairs of the Game and Fish Commission shows that this department of State had on hand January 1, a total surplus of \$25,848.75. Inspector James believes that some provision of law should be made for the protection of and dispensation of any surplus that might accumulate and some limit placed upon the Commission controlling this fund.

"This reference to assets," Inspector James said in his report to Governor Morrow, "is made for the purpose of showing the success of the department, and, with the vigilance now being used in enforcing the law, its receipts will continue to grow and very likely encourage extravagance of its funds unless some legal restrictions are placed upon their authority."

The total receipts of the department from 1912 through 1918 amounted to \$244,858.81 and the total disbursements amounted to \$223,974.44.

New "Science."

Character reading by walts is a new "science" which has come into being recently. According to a "waist expert," the girl who is possessed of a short waist has a lively, frank and vivacious disposition, is ambitious and very thoughtful of others. The long-waisted miss is economical, but, unfortunately, she is not always the owner of the sweetest of tempers.

### Y. M. C. A. MEMBERSHIP COMMITTEE MAKES REPORT

The Board of Directors of the Bourbon County Y. M. C. A. have adopted the report of the membership committee, recently submitted, which provides for both men's and women's divisions. In the men's division there will be a senior or adult department and the boys' department. In the women's division there will be the women's and girls' department.

Subscription to the principles of the Y. M. C. A., and agreement to co-operate in the work of the Association where possible constitutes the requisites for membership. No charge is made to boys and girls under fifteen years of age for privileges of the gymnasium. Members may purchase these features by the single visit, month, or year at a small cost.

The membership committee is getting out new application blanks and tickets for use of the members. Plans will be formulated in the early spring for a big country-wide membership "drive." At their meeting the Board of Directors voted to promote the observance of the "Father-and-Son Week." On account of sickness the date for holding the banquet was not fixed. A committee will be appointed to arrange the program for this meeting.

The Board of Directors voted to request those who contributed to the building fund in 1913 and 1915, and also the subscribers to the Southwide fund of 1919 to make their payments as soon as possible. County Clerk Pearce Paton is Treasurer of the institution. Secretary Harrison reported large attendance on all the activities in January, the total number participating in all activities being 6,292.

### GROUND HOG VINDICATED BY PRESENT WEATHER

Whether it was the groundhog or some grumpy weather man who had the most to do with the present "spell" of disagreeable weather, is not within the province of poor mortals to determine. But the fact exists that something occurred between last Saturday and the present writing to turn loose the worst possible brand of weather. The mercury hovered in the vicinity of zero for three days, on one occasion descending all the way in the tube. Many thermometers marked below zero. Snow, ice, sleet and rain have combined with high winds to make about as disagreeable weather as could possibly be imagined. And the end is, apparently, not yet in sight. We've become used to it, but we want to let our Florida subscribers know what they are missing.

That So Many Paris People Fail To  
Recognize Kidney Weakness

"Diamond Dyes" Turn Faded,  
Shabby Apparel Into New

Are you a bad back victim? Suffer twinges; headaches, dizzy spells?

Go to bed tired—get up tired? It's surprising how few suspect the kidneys.

It's surprising how few know what to do.

Kidney trouble needs kidney treatment.

Doan's Kidney Pills are for the kidneys only. Ask your neighbor. Have convinced Paris people of their merit.

Here's a Paris case; Paris testimony.

Kidney sufferers hereabouts should read it.

Mrs. A. L. Burley, 326 Eighth St., says: "I have used Doan's Kidney Pills, getting them from the Ardrey Drug Co., and from the benefit I received, I certainly think they are a good, reliable kidney remedy. Whenever my kidneys have acted irregularly or my back has been weak and lame, I have used a box or so of Doan's Kidney Pills. They have always relieved me of the complaint."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

### IMPORTANT CLUB MEETING DAY AT UNIVERSITY

One of the important events of the week will be the District convention of the Kentucky Federation of Women's Clubs, to be held in Lexington, at the University of Kentucky. The Women's Club of the University will be hostess, and Mrs. W. T. Lafferty is chairman of the Committee on Arrangements. The sessions will be held in the chapel of the University. Miss Ada May Cromwell, of Frankfort, District Chairman, will preside at the morning session. Under the call for reports of State Federation Chairman Mrs. Fanniebelle Sutherland, of Paris, will report on "Civics." Mrs. Allie Dickson, of North Middletown, will respond to the address of welcome.

### CHRONIC CONSTIPATION.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation.

### The Mocking' Bird.

No two mocking bird families can occupy the same tree or bush—and there are some lively scraps before their territorial boundaries are established; but once settled, their peace treaty is faithfully kept. The mocking bird never forgets that he is a star in the musical world. He will help pick out the building place and lay the foundation of the nest; then he suddenly seems to make up his mind that he is a poor architect, but a fine musician, and abandons house-building for the business of singing for his own little world.

## Ouch! Such Pain!

If It Takes You in Back, Arm, Hip or Foot

It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is "keep the kidneys in good order. Avoid too much meat, alcohol or tea. Drink plenty of pure water, before meals, and drive the uric acid out of the system by taking 'Anuric.' This can be obtained at almost any drug store, in tablet form, and will dissolve uric acid as hot coffee dissolves sugar.

You know that before an insurance company will take a risk on your life the examining physician will test your water and report whether you are a good risk. You should send a bottle of water to the chemist at Dr. Pierce's Invalid Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout; or sleep is disturbed two or three times a night. Get Dr. Pierce's Anuric (anti-uric acid), for it will put new life into your kidneys and entire system. You will feel full of vim, vigor and vitality, instead of tired, dragged-out and blue.

Lexington, Ky.—"Dr. Pierce's Anuric (anti-uric-acid) is an excellent medicine for kidney trouble of any sort. I had been having kidney ailments for some little time; they would become congested and inactive, causing me to suffer with backaches. I learned of 'Anuric' and by the use of this medicine all my kidney trouble has been eliminated; my kidneys are acting in a normal condition and all backache has left me." B. F. HAMBRICK. 560 Pemberton Ave.

## GIRLS FORCED TO STOP SELLING SOAP ON STREETS.

For the first time in the history of Smith College, citizens of Northampton, Mass., and the vicinity, and the college authorities have come to odds regarding the college policy, when a number of residents of Northampton, Easthampton and Westfield openly declared they disapproved of Smith College students peddling their wares of soap and cleansing fluids through the streets of these cities in the aid of their drive for the Smith endowment fund of \$4,000,000.

The young women, among whom is Miss Anne S. Molloy, of Lexington, well-known here, where she has frequently visited, have canvassed from house to house and have had remarkable success in their efforts, but the joint protests from a few citizens, evidently firm believers in the old blue laws and with but little sense of fairness, have caused the entire campaign to be withdrawn, thus averting what promised to become a grave crisis through court action.

The protests, which came almost as soon as the young women appeared on the streets, was not at first taken seriously, but later as they grew in volume even in the face of Governor Coolidge's stand of approval and praise at his home, the college authorities deemed it wise to have this method of campaigning cease.

## ENABLES HER TO TAKE LONG TRIP

Henkle Says Wife Improved So Much On Taking Tanlac She Boasts of Her Health

"After years of suffering Tanlac sure put my wife in a fine state of health and she often boasts of how well she is feeling," said George H. Henkle, of 1302 Eastlands avenue, Nashville, Tenn.

"For years," he continued, "she was almost a confirmed dyspeptic and she suffered also from a nervous affection. Right after meals gas would form on her stomach, which kept her in distress most all the time. She always had to be most careful about her eating and was troubled at times with dizziness and swimming of the head. For a long time she had wanted to take a trip North, but couldn't do so on account of her condition.

"When she saw Tanlac advertised and so many people endorsing it, she decided to try it and found almost immediate relief. Tanlac gave her a fine appetite and put her stomach in fine shape so she could eat and enjoy her meals without having any trouble afterwards. She hasn't complained of dizziness or swimming of the head since starting on it and that nervous condition has also quite disappeared. Tanlac built her up so she was enabled to take a trip North, where she was gone four months, and she was not sick a minute of the whole time she was away. She is delighted with what Tanlac has done for her and thinks there is no other medicine like it."

Tanlac is sold in Paris by the People's Pharmacy. (adv)

## ARMY ESSAY AND SLOGAN CONTEST.

A board consisting of Major General Charles P. Summerall, Commanding the First Division, United States Army, Brigadier General James M. Dewees, the Adjutant General of Kentucky, and Mr. Henry DeHaven Moorman, State Commander of the American Legion, have consented to act as judges in the "Army Essay and Slogan Contest" to be written by the school children in this district on February 20, 1920.

A list of special prizes to be offered by the merchants of Louisville may be seen in the columns of the Louisville Times.

## FOR THE CHILDREN.

Too much care cannot be exercised in selecting a cough medicine for children. It should be pleasant to take, contain no harmful drug and most effectual in curing their colds and coughs. Long experience has shown that Chamberlain's Cough Remedy meets these conditions. It is a favorite with many mothers.

## EVERYBODY PRAY FOR THIS BILL TO PASS!

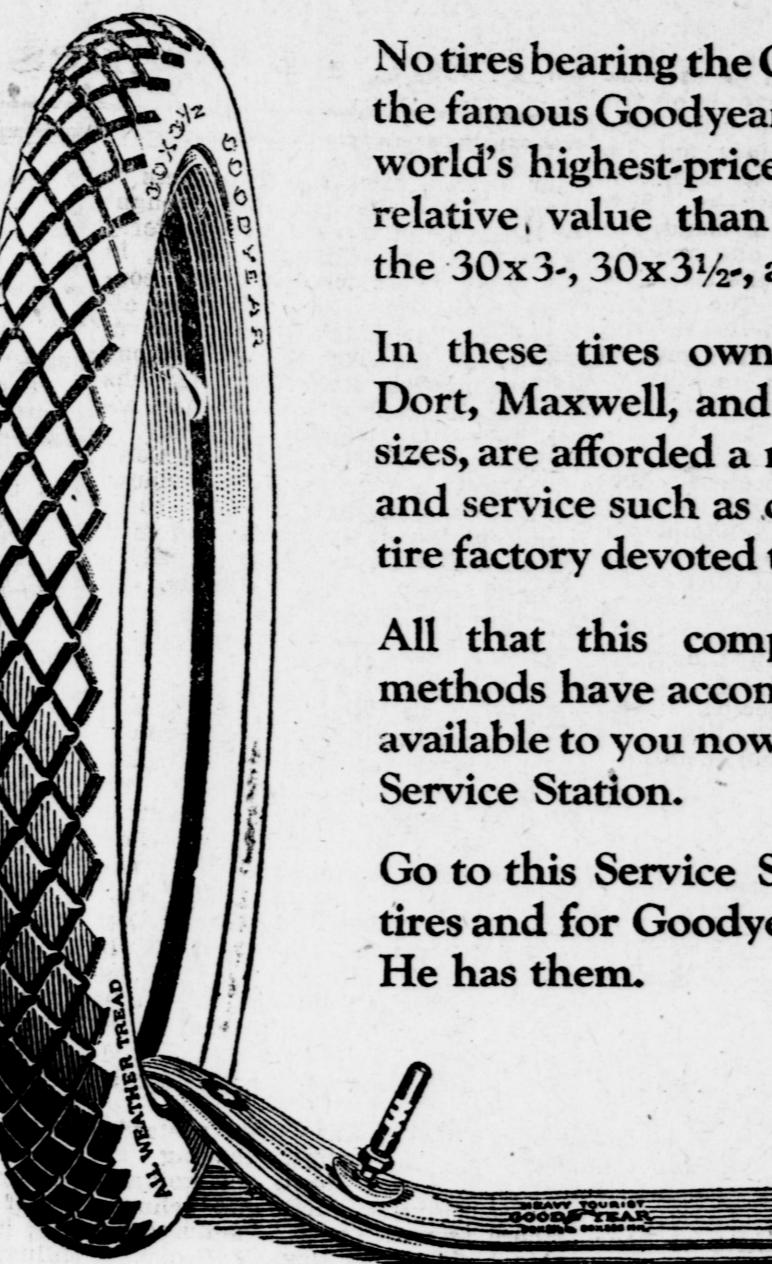

Appointment of a Public Service Commission and the delegating to it of board regularity powers over public utilities, express companies, telephone and telegraph lines, pipelines, tollbridges, boats and ferries and common carriers not under the control of the Railroad Commission are prepared in a bill offered in the Senate by Senator Brig H. Harris of Ashland.

A commission of three appointed by the Governor and drawing salaries of \$5,000 a year each, is provided. The license tax of \$60,000 is to be apportioned among the corporations causing control of the commission, to meet its expenses. Governor Morrow is understood to endorse the bill.

One thing which such a commission might accomplish is reduction of costs of natural gas. Gas from the Kentucky fields is sold in West Virginia at 20 cents a thousand feet and for 35 cents in Kentucky, across the Big Sandy. West Virginia has a public service commission.

Paris was the first city in which fire escapes were used, the date being 1761.

## FEELING LIKE A NEW PERSON ALL OVER NOW

This Man Tells How Vola-Tonic Built Up His Run-Down System.

"Vola-Tonic built up my system after I had been weak and run down for over a year and I want to recommend this medicine," said George Hill, of 204 Warner street, Cincinnati, O.

"About a year ago my system got in a weakened, run down condition. My strength and energy seemed to be about gone. My nerves got out of order and I couldn't sleep right or get the proper rest.

"I work in a shipping department and it was about all I could do to get my duties done in my weakened condition.

"It seemed that nothing would help me. I tried several medicines but without results.

"Then I heard about Vola-Tonic and decided to give this medicine a trial. I am on my fourth bottle of Vola-Tonic now and I feel like a different person.

Vola-Tonic, "Builder of Strength," brings a good appetite and good digestion. It helps the stomach take strengthening nutrition from food to nourish and build up the broken down tissues and ailing organs of body. Vola-Tonic also soothes the nerves and permits sound, energy-restoring sleep at night. As a result, full normal strength and health soon come to the weakened, run-down man or woman.

Vola-Tonic is being especially introduced in Paris at Varden & Son's. (adv)

## WHAT'S THE MATTER HERE?

Surrounding counties are having published in their local papers a complete list of dog owners, and the number of animals on which each owner pays taxes and has taken out license. These lists are accompanied with the certification of the County Clerk to the effect that the above is a true and complete list," etc., etc. The Kentucky Press Association, at its mid-winter session, held in Louisville, in discussing the laxity of county officials in regard to publication of county affairs, made special reference to this dog tax list. When will the Bourbon county list be given out, we wonder?

## DOLLARS AND CENTS

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of himself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.
